EVOCA GROUP RELEASES FIRST-EVER SUSTAINABILITY REPORT, DEMONSTRATING ITS COMMITMENT TO ENVIRONMENTAL STEWARDSHIP.

Valbrembo, Italy – 20 July 2023 - Evoca Group, a world-leading manufacturer of professional coffee machines, with the most comprehensive range of products for the out-of-home market, proudly announces the release of its first-ever Sustainability Report. The report marks a significant milestone in the company's sustainable evolution and highlights its commitment to the environmental, social, and governance (ESG) principles.

Evoca recognises the absolute need for businesses to adopt sustainable practices and minimise their environmental impact. The release of this Sustainability Report reflects the company's commitment to transparency and accountability, as it aims to inspire positive change within the industry and the wider community.

Evoca has long been committed to sustainability, but in 2021, the company embarked on an even more ambitious journey with the launch of "The Taste of Sustainability" project. This comprehensive program aims to identify and encourage sustainable practices throughout the company's activities and reflects the company's overarching objective to cultivate a concrete culture of sustainability, engaging not only its dedicated staff but also its valued stakeholders.

Evoca's Report showcases the progress already made in the pursuit of its sustainability goals. The report outlines key initiatives and accomplishments in areas such as environmental stewardship, social responsibility, and governance practices.

As part of Evoca's sustainability journey, a new corporate purpose has been introduced: "Great coffee to inspire a better world, anywhere and anytime." This purpose encapsulates the company's mission, not only to provide exceptional coffee experiences, but also to drive positive change and contribute to a more sustainable future.

"We are proud to present our first Sustainability Report, which represents a significant step in our commitment to ESG pillars," said Andrea Zocchi, CEO of Evoca Group. "As a global leader in our industry, we recognise the importance of conducting business responsibly and are dedicated to making a positive impact on the environment and society. "The Taste of Sustainability" project and our new corporate purpose serve as guiding beacons for our journey towards a more sustainable world."

Evoca 's Sustainability Report is now available to the public on the company's website, offering detailed insights into its sustainable practices, achievements, and future objectives.

Evoca Group is a global leader in the production of professional coffee machines and offers the most comprehensive range of products for the out-of-home market. With a presence in over 140 countries and more than 10,000 customers, the Group markets its products through several brands (Necta, Wittenborg, Saeco, Gaggia, Ducale, Newis, Cafecton, Futurmat, and Macas) and is committed to delivering high-quality coffee experiences while embracing sustainability and corporate responsibility. The company's headquarters are located in Valbrembo, Italy, and it operates 9 production sites and 6 research and development centers globally.
